Questions about which program would be best for you? Contact the Junkmaster.

Junkyard Sports® Festivals, Tournaments and Parties can be developed for almost any number of people. Probably 12 or more. For a couple hours or a day long celebration. As a corporate team building event or part of a community wide celebration. Including just about anything fun and junky you can imagine: junk bands, junk food, junk artists, junk sculpture-building, junk juggling, They're held in stadiums. They're played in backyards. And classrooms. And playgrounds. And alleys. And hallways. They're head-to-head, toe-to-toe, face-to-face, person-to-person, team-to-team competition. They're called "Junkyard Sports." And they're all for fun.

They're based on real, official, television-worthy sports, but they're fun for all. For everyone. Regardless of ability or age.
